

## **2018 Intensive Care Medicine Training Program REF#27187**

### **Monash Health Intensive Care Registrar / Senior Registrar Positions 2018.**

Monash Health is seeking applications for full time Intensive Care Registrars/Senior Registrars to work within the Monash Health Intensive Care Service in 2018.

#### **About Us**

Monash Health is the largest health service in Victoria, and has a combined total of 40 intensive care beds across its Monash and Dandenong sites. We offer a highly stimulating and enjoyable work environment, with active and dynamic teaching programs. We have a strong track record with successful preparation and support for both Part 1 and Fellowship exams. In addition we have a strong Research Program, affiliated with ANZICS and Monash University, which offers a wide variety of opportunities.

The Monash Intensive Care Unit is a 26 bed, Level III facility, accredited for C24/unrestricted general training, as well as Neurosurgical and Cardiothoracic accreditation. In addition the Monash site provides a state-wide Obstetrics Intensive Care service, a renal transplant service, and currently provides paediatric intensive care services pending the opening of the new Monash Children's Hospital PICU.

The Dandenong Intensive Care Unit is a 14 bed Level II facility, accredited for unrestricted General Intensive Care training, with an additional focus on ENT, Plastics, Vascular, Orthopaedics, and Toxicology. Both Intensive Care Units have a large mix of general medical and surgical patients, and provide Outreach and MET services to the hospital. Both Units offer the opportunity to learn Critical Care Ultrasound and point of care echocardiography.

#### **What you need to know;**

- Successful applicants will be appointed to work in 1 of these units according to their personal preferences and individual training needs;
- There are a number of positions available that may be offered to suitable candidates for a complete Intensive Care training package, encompassing Level II and III Intensive Care training, as well as Anaesthetics and General Medicine.
