

Tamworth Hospital is seeking an experienced and motivated Staff Specialist in Intensive Care

- **New state-of-the-art Intensive Care Unit**
- **You will be joining a supportive network who are committed to providing the best care for both patients and their staff**

This is the opportunity you have been looking for! Tamworth Hospital completed a \$220 million redevelopment in July 2015. The redevelopment involved our acute services and delivered a brand new Intensive Care Unit, increasing from 11 to 16 ICU/HDU beds. With 288 beds you will be joining one of the largest Rural Referral Hospitals in Australia and will be part of an exciting new era in medical services in the Hunter New England Local Health District.

Come and join our team of Intensivists! The Intensive Care Unit receives a mix of patients admitted to the unit which includes trauma victims, envenomation, post-operative management of complex surgical patients, respiratory support, sepsis, AKI, and paediatrics (short term ventilation). We are seeking the right applicant to fit our service. You will be motivated and passionate about what you do. You will be a natural clinical leader, teacher and skilled communicator, engaged in building capacity of our service by developing effective relationships, and valuing the contribution of all the team. This position is suitable for both Intensivist's and Emergency Physicians with experience in Critical Care.

This is the time to make the move and live and work in Tamworth! We are an inviting and prosperous regional city surrounded by beautiful scenic mountains. We are ideally located about half way between Sydney and Brisbane. Tamworth's population is 60,000 and growing at about 5% per year. Tamworth has excellent schooling and houses are big, beautiful and affordable. Come and experience the sense of community, and spend time with you family enjoying the outstanding lifestyle that Tamworth can provide.

Come and meet some of your senior medical colleagues and see the benefits of making the move to Tamworth! Video link: <https://youtu.be/WfrjkyiIKbg>
