

Locum Intensivists and ICU Registrars Wanted Nationally

Hospitals across Australia need locum help.

If you are a Consultant, Specialist, SMO or PGY4+ and are interested in hearing about opportunities to locum, you are in high demand! Ochre Recruitment are here to help. We can put you in touch with public and private hospitals right across Australia to ensure that you find the locum that is right for **you**.

From the moment you first register with us you will work with a dedicated and highly experienced Locum Consultant to ensure that your experience is as seamless as possible.

Ochre Recruitment have been supporting doctors and hospitals in Australia with locum placements for more than fifteen years. That experience counts.

Owned by Doctors, Ochre understand and focus on the things that matter to doctors when arranging job placements.

We will:

- Take the time to understand what you are looking to ensure that we only speak to you about relevant roles. This allows you to secure the right locum with the least amount of hassle.
- Use our network of contacts with hospitals across Australia to ensure that the broadest range of locum opportunities are available to you.
- Use our years of experience to negotiate the best rates for you.
- Assign you a dedicated agent to assist you with all the necessary paperwork and administration to ensure that you get to the head of the queue when applying.
- Help organise your flights, travel, accommodation, credentialing and provider numbers to ensure that all you need to worry about is delivering quality patient care.

Whatever type of locum you are looking for, Ochre Recruitment would love to connect with you.
