

**POSITIONS AVAILABLE - HOSPITAL MEDICAL OFFICERS  
CALVARY RIVERINA HOSPITAL**

Calvary Riverina is a 168 bed hospital providing a diverse range of services including intensive care/critical care, medical, surgical, rehabilitation, obstetric, drug and alcohol and palliative care to a regional catchment population >300,000. The Hospital is part of a large health precinct in the CBD of Wagga within close proximity to the regional public hospital. The University of Notre Dame Rural Clinical School is located onsite and the University of NSW Rural Clinical School is located on the public hospital campus. Both universities are actively engaged with Calvary Riverina and offer medical student placements, research opportunities and education for our medical community.

Calvary Riverina Hospital is seeking suitably qualified and experienced doctors to work with a diverse multidisciplinary team providing medical assessment, treatment and care to hospital inpatients. The hospital medical officer supports the clinical team and specialist medical practitioners in the intensive care/critical care unit and provides medical support as required to other surgical and medical inpatients.

This role presents a great opportunity for doctors who want to expand their clinical hospital experience and exposure to complex medical and surgical patients in the private hospital setting, supported by experienced nursing and allied health professionals. Shifts are rostered 24/7 and can include part time or full time appointment.

**Key Selection Criteria:**

- MBBS or equivalent and current registration with the Medical Board of Australia
- Current AHPRA Registration with no conditions
- Current professional medical indemnity to \$20,000,000
- Post graduate year 3 minimum
- Post graduate clinical experience in intensive care, accident & emergency or anaesthetics
- Current proficiency in advanced cardiopulmonary resuscitation
- The ability to work in a complex environment with competing priorities
