

Staff Specialist - Intensive Care

Who Are We?

The Bathurst Hospital is an innovative and dynamic organisation dedicated to improving the health and wellbeing of our community. We are committed to providing the highest levels of healthcare and services.

Bathurst Hospital serves a population of over 40,000 people and the Emergency Department see approximately 25,000 patients per year with a rate of admission of 35%.

Bathurst is Australia's oldest inland settlement. The city offers a pleasant country lifestyle with affordable housing, excellent public and private school education and a university. It is just two and a half hours drive from Sydney. The region is conveniently located with effective transport links to Sydney and Canberra. Visit www.bathurstregion.com.au for more information.

Who are we looking for?

We are seeking a motivated and experienced Staff Specialist (Intensivist) for the Intensive Care Unit at Bathurst Hospital.

The Intensivist will advise on and provide direct clinical management of patients within the Bathurst Intensive Care Unit (ICU). The patients may be admitted under other clinicians so a sensitive advisory and where necessary interventional approach will be needed. This care will be provided within the scope of practice granted by the Western NSW Local Health District Medical and Dental Appointments Advisory Committee.

The Intensivist will work closely with the Director of ICU and the clinical heads of the other hospital departments and will pursue networking with the District's main referral centre, Orange Health Service, and supportive relationships with other acute hospitals within the District.

This position isn't just another job in another hospital – it can be your chance to demonstrate your strong clinical acumen, influence and foster an enthusiastic team of health professionals, and contribute to reviewing service requirements and introducing new models of care.

What can we offer?

- Salary consistent with the Staff specialists award including superannuation, and access to salary packaging
- Relocation and accommodation assistance
- Contemporary, well equipped work environments
- Flexible work/life balance
- Attractive Salary Package , up to 5 weeks Annual Leave with 4 weeks leave including 17.5% leave loading; 5 weeks per year Training Education and Study Leave (TESL), and 10 days paid sick leave per year (dependent on classification)
- Dynamic team environment
- Commitment to ongoing professional development

We welcome applicants who:

- Have current unconditional General and Specialist Medical Registration with the Australian Health Practitioners Registration Authority
- Have evidence of formal qualifications in Intensive Care Medicine from an equivalent Health System. This would preferably but not essentially be Fellowship of the College of Intensive Care Medicine (FCICM).

- Are experienced in quality improvement and the pursuit of safe and effective patient- centred health care.
- Have been successful in contributing to effective teams both with doctors and in the multidisciplinary context.
- Are keen to contribute to service planning and policy development.
- Have an interest in health research.
