

Intensive Care Medicine Senior Fellow - Cardiothoracic & Vascular Intensive Care Unit, Auckland District Health Board - 099380

Intensive Care Medicine Senior Fellow - Cardiothoracic & Vascular Intensive Care Unit

- **New Zealand's leading teaching & training hospital**
- **Renowned state of the art intensive care unit**
- **Relocation assistance provided**
- **Fixed term for 12 month**

Positioned in the centre of one of the world's most desirable cities, the Cardiothoracic and Vascular Intensive Care Unit (CVICU) at Auckland City Hospital is a stand alone Intensive Care facility with staffing for 14 ICU and 6 HDU beds (www.adhb.govt.nz/achicu/). We provide intensive care to patients following all cardiothoracic and vascular surgery including heart and lung transplantation. Complex valvular surgery is common given the region's high incidence of rheumatic heart disease. We also manage patients with cardiogenic shock and pulmonary embolism. Additionally, we provide a national ECMO service to adults, including provision of an ECMO retrieval team.

There are around 2200 ICU admissions and 800 HDU admissions per year. The unit has accreditation for training from the College of Intensive Care Medicine (CICM). An active program in transoesophageal and transthoracic echocardiography exists on the CVICU.

We are inviting applications for a senior fellowship position in CVICU starting in June 2018. Ideally the successful applicant will have completed a postgraduate examination in intensive care medicine and possibly completed (or have six months remaining) all of their post graduate training time in intensive care medicine. During the second six months of this position you will take part in the consultant on call roster (with appropriate supervision). This position fulfils CICM's requirement for a senior registrar position.

You must either have or be eligible for general or post graduate trainee registration with the New Zealand Medical Council (www.mcnz.org.nz)

Please contact Dr Andrew McKee, Clinical Director CVICU on andrewm@adhb.govt.nz or the Supervisor of Training Dr Mike Gillham mgillham@adhb.govt.nz

Apply now at www.careers.adhb.govt.nz ref# **099380** or send your latest CV with cover note to Kaval Patel Recruitment Consultant at kavalp@adhb.govt.nz quoting job title and reference number.

Closing date for applications is 30 April 2017

Auckland DHB is committed to the application of the Vulnerable Children Act 2014 and its intent to improve the safety of all children. As this position will be occasionally in contact with persons under 17 years of age this position has been deemed as a Core Children's Worker as defined by the Act.
