

Director of Intensive Care

St Andrew's Ipswich Private Hospital, QLD

Part time or full time considered

Opening August 2018

In August 2018, **St Andrew's Ipswich Private Hospital** will be opening 3 new level 5 ICU beds, to compliment the expanded CCU and HDU beds. We are currently seeking a dynamic Director of Intensive Care to medically lead the Hospital's ICU.

Attractive and very competitive salary packages are available, which includes billing incentives, medical indemnity cover, study leave and flexible rostering arrangements. Hours are negotiable.

Reporting directly to the Hospital's Chief Executive Officer, the Director of ICU will be responsible for the clinical management, rostering, recruitment and performance management of medical staff in the ICU/Critical Care Unit. The role has leadership, educational, clinical, research and administrative responsibilities across the department and will partake in sector wide initiatives and developments.

To be eligible for this position you must have:

- Registration with AHPRA as a Specialist Practitioner
- Fellowship of the College of Intensive Care Medicine of Australia and New Zealand (FCICM).
- Access to an unrestricted Medicare Provider Number
- Experience in a leadership role, providing specialist oversight and supervision, mentoring and teaching to junior medical staff
- An interest in your own continuing development
- Be an excellent communicator with good interpersonal skills

We will consider flexible employment options for this position (part time or full time; shared with public appointment) but considers a minimum coverage of three shifts per week within the Department will be required.

About Us:

Owned and operated by Ramsay Health Care, Australia's largest and most respected private hospital operator, St Andrew's Ipswich Private Hospital is undergoing a \$64 million development that will open in late August 2018. The Hospital will be a 178 bed acute medical, surgical and obstetric facility, offering comprehensive surgical and diagnostic services. Completion of the project will see St Andrew's Ipswich provide access to the region's first private Emergency Centre; eliminating the need for patients to travel out of region to access private emergency care. The Emergency Centre will be supported by a new Intensive Care/Critical Care Unit and 8 operating theatres.

For a confidential discussion, please contact:

Ms Jude Emmer, Chief Executive Officer
