

St Vincent's Hospital Toowoomba & St Andrew's Toowoomba Hospital

invite you to the
Toowoomba Private Hospitals
Inaugural Grand Rounds presentation

at the University of Southern Queensland Allison Dickson lecture theatre
on November 6 2015 from 6pm

» THE MYTHS OF FLUID MANAGEMENT

Research challenging "best practice"

Keynote speakers:

Kathryn Maitland, Professor of Paediatric Tropical Infectious Diseases Division of Medicine Imperial College London.

Professor John Fraser, Pre-eminent Intensivist at The Prince Charles Hospital.

Professor Maitland, who is due to speak at the United Nations General Assembly in New York at the end of September, has spent 15 years in East Africa researching in paediatric infectious diseases.

Professor Fraser founded and leads the multi-disciplinary Critical Care Research Group, the largest group of its kind in Australasia. He is co-founder and chief medical officer of BIVACOR, a total artificial heart.

Please reserve your seat for the event by visiting website:
