

## STRATEGIES TO IMPROVE OUTCOMES IN ICU

*An inspiring and practical masterclass with international and local experts*

**SkyCity Conference Centre, Auckland, New Zealand**

**Wednesday, 28 October 2015, 1-5pm**

Internationally renowned A/Prof Jack Iwashyna from the University of Michigan will head up a list of impressive speakers exploring:

- ICU and the cost of survivorship
- Bones and the effect of critical illness
- Mechanical ventilation
- Oxygen targets – the sweet spot
- Wake up and walk
- Obesity in ICU

This stimulating, interactive afternoon, chaired by Dr Gillian Hood, will conclude with a panel discussion.

Speakers: A/Prof Jack Iwashyna (University of Michigan); A/Prof Glenn Eastwood (Austin Hospital); Dr Carol Hodgson (ANZIC-RC); A/Prof Peter Kruger (Qld); A/Prof Neil Orford (Director of ICU, Geelong Hospital); Prof David Tuxen (The Alfred).

For full program details please visit our website [www.intensivecarefoundation.org.au](http://www.intensivecarefoundation.org.au)

The Intensive Care Foundation gratefully acknowledges Covidien, sponsors of this masterclass. Funds raised through registration fees will assist the Foundation in funding ICU investigator-driven research.
