

## Introduction to Procedures in Acute Care

12<sup>th</sup> & 13<sup>th</sup> August 2016

iSimCentre, Coffs Harbour, NSW.

Come and learn in sunny Coffs Harbour

**No Lectures!**

2 days of hands-on procedural learning in a friendly environment.

8 instructors for 16 participants.

**Target Audience**

Junior Doctors interested in ICU, ED or Anaesthetics.

**Strong Focus on Ultrasound**

Learn ultrasound skills relevant to the procedure.  
Most procedures taught in real-time US guidance.

Supported by  **ANZICS**

Recommended by CICM as an introductory overview of core skills required for intensive care practice.

*“55% of JMO’s say lack of formal skills training sessions in their hospitals”*

*“High variability in the procedures taught”*

*“High demand for a procedural course”*

NSW JMO survey 2014

PericardiocentesisTrainer
