

Staff Specialist Intensivist - Fractional

Position Details:

Bendigo Health is seeking a Fractional Staff Specialist Intensivist to work within the Clinical Operations Division. The position includes leadership of the education portfolio, working with the Director and the Intensive Care Consultants to deliver teaching to post-graduate trainees.

Clinical Operations Division:

Bendigo Health is a leader in regional health care, combining outstanding services with a strong education, training and personal development culture. Bendigo is one of Victoria's fastest growing regional cities, our vision is "**Excellent Care. Every Person. Every Time.**"

The Clinical Operations Division encompasses acute and mental health services with a focus on excellent care, every person, every time. We provide a wide range of general medical, surgical and speciality services including oncology, cardiology, renal, emergency, women's and children's, critical care, specialist clinics and mental health services.

Within a state of the art hospital, the team provides high quality services using the latest technologies. Our eleven operating theatres (including 2 endoscopy rooms), critical care, emergency and women's wards all have access to critical services lifts that link to the helipad allowing rapid transfer of patients both in and out of the health service.

The Mental Health Service is a complex service that provides psychiatric care and treatment across a large catchment area in Victoria stretching from Swan Hill in the north of the state to Gisborne in the south. The Child and Adolescent Mental Health Service provides services to patients from birth to 17 years, the Youth Team covers ages 18 to 24 years, Adult Services cover patients from 25 to 64 years and the Older Person's Service manages those individuals over 65 years old.

Each year our onsite specialist clinics provide almost 95,000 occasions of service, we also see more than 52,000 people in our emergency department and welcome around 1400 babies into the world. The Clinical Operations Division assists with the admission of more than 49,000 patients into the hospital each year.
