

2020 Paediatric Intensive Care Unit Registrar

About Monash Health

Monash Health is an impressive organisation of seven public hospitals, 21 community health sites, five aged care facilities, university affiliated international research and tertiary education. We provide healthcare for the entire lifespan from pre-birth to palliative care and all stages in between, and we have recently opened the new 230-bed Monash Children's Hospital.

About Monash Doctors

There are more than 900 Junior Medical staff positions at Monash Health in over 200 medical specialties, to help grow your career. We offer unparalleled opportunities in Victoria's largest & most clinically diverse teaching health service

Monash PICU - Registrar Positions

- Exciting job opportunities in Australia's newest Paediatric ICU for experienced doctors in training (Anaesthesia, PICU, Adult ICU, Paediatric Emergency Medicine, Paediatrics).
- Work with a group of dedicated PICU consultants, an enthusiastic team of nurses and committed allied health professionals who all believe in supporting each other, in being kind and in providing the very best care to the children and families in PICU.
- Participate in the Monash PICU teaching program, the annual Monash Paediatric BASIC course, daily teaching ward rounds, practical and procedural skills training including airway, lines and ultrasound as well as in PICU research projects.

The new and growing Monash Children's Hospital Paediatric ICU is offering exciting opportunities for experienced doctors in training. Being a Monash PICU registrar is a challenging and highly rewarding role. We welcome applications from experienced advanced trainees from a range of acute specialities, including but not limited to:

- **PICU**
- **Anaesthesia**
- **Adult ICU**
- **Paediatric Emergency Medicine**
- **Paediatrics**

For select candidates, joint positions combining a term in Paediatric Emergency or Adult ICU with a term in PICU may be available.

The Monash PICU is the newest of Australia's tertiary Paediatric ICUs. It is embedded in the state-of-art Monash Children's Hospital in Melbourne. The unit is one of only two Paediatric Intensive Care Units in Victoria and provides a broad range of general paediatric, subspecialty paediatric and paediatric surgical intensive care.

The Monash PICU is led by a group of dedicated PICU consultants, an enthusiastic team of nurses and committed allied health professionals. We believe in supporting each other, in being kind and in providing the very best care to the children and families in our unit.

The Monash PICU is accredited for training by the College of Intensive Care Medicine of Australia and New Zealand (CICM). We provide a structured teaching program, access to the annual Monash Paediatric BASIC course, daily teaching ward rounds, practical and procedural skills training including airway, lines and ultrasound as well as opportunities to participate in PICU research projects.

Positions are offered as fixed term appointments of either 6 or 12 months duration commencing in February and August 2020. Applicants must hold current registration with AHPRA. Please submit your application through the Monash electronic applications system (eRecruit). If you would like more information before submitting your application, please contact Dr Felix Oberender, PICU Director, at PICU_Recruitment@monashhealth.org or call Tannya Arborea, PICU Administrative Assistant, on 03 8572 3273.

Monash Health recognises the value of equal employment opportunity and is committed to patient safety and promoting fairness, equity and diversity in the workplace. At Monash Health we are relentless in our pursuit of excellence and work to our six guiding principles.

Preferred candidates will require a clear Police Check and a current Employee Working with Children's Check prior to any offers of employment being made.

As part of our selection process, you may be invited by email to participate in an on-camera video interview.

Please note, applications will be accepted via the Monash Health online Mercury System only. Email applications will not be considered.
