

## **Consultant Intensivist, Cardiothoracic Intensive Care Unit (CTICU)**

The National University Health System (NUHS) is an integrated Academic Health System and Regional Health System in Singapore that delivers value-driven, innovative and sustainable healthcare. Institutions in the NUHS group include three hospitals – National University Hospital, Ng Teng Fong General Hospital and Jurong Community Hospital; three National Specialty Centres – National University Cancer Institute, National University Heart Centre, and National University Centre for Oral Health; a polyclinic group – the National University Polyclinics; one medical centre – Jurong Medical Centre; and three academic health sciences institutions – National University of Singapore (NUS) Yong Loo Lin School of Medicine (including the Alice Lee Centre for Nursing Studies), NUS Faculty of Dentistry and NUS Saw Swee Hock School of Public Health.

The Department of Cardiac, Thoracic and Vascular Surgery (CTVS) is seeking candidates who are highly motivated and willing to join the Cardiothoracic Intensive Care Unit (CTICU) for a challenging and fulfilling appointments as a Consultant Intensivist.

The Cardiothoracic Intensive Care Unit (CTICU) is currently run by full-time trained intensivists. The Consultants are expected to acquire both depth and breadth taking part in first-line clinical service, training and academic activities. Commencing salary will be competitive, depending on qualifications and experience.

### **Job requirements:**

- Possess a basic medical degree and recognised postgraduate qualifications such as MMed, MRCP or their equivalent that can be registered with the Singapore Medical Council (SMC)
- Candidates should have FCICM, FFICM, or equivalent to be registered as specialists in Intensive Care Medicine with the Singapore's Specialist Accreditation Board (SAB)
- Candidates must be trained, credentialed, and experienced in intensive care/critical care medicine. Training in cardiac anesthesiology is welcome but not essential.
- Be in active clinical practice
- Highly motivated and possess a good record in clinical excellence and commitment to medical education and research
- Able to demonstrate good diagnostic and clinical acumen
- Able to demonstrate teamwork, respect, integrity, compassion and excellence in his/her work
