

INTENSIVE CARE UNIT - CAREER MEDICAL OFFICER FULL-TIME/PART-TIME/CASUAL

An exciting opportunity to work in a brand new state of the art Intensive Care Unit at Hurstville Private Hospital, which is located close to the heart of Sydney and a short 15 minute drive to the Brighton-Le-Sands beach.

- The ICU has 7 beds dedicated to care of patients requiring complex treatment and organ support, capable of providing ventilation, dialysis, haemodynamic support, intra-aortic balloon pump, etc.
- Services include advanced urological, colorectal, neurosurgical, obstetrics, and cancer related surgery;
- You will closely work with a bright and dynamic team of Intensivists to further your professional development in resuscitation and care of critical ill patients though formal and informal teaching;
- Opportunity to learn basic echocardiography
- Opportunities for development of airways skills by rotation through anaesthesia exist;
- Excellent remuneration, study leave, and annual leave (where applicable)
- CMO office

Responsibilities:

- Assessment, resuscitation, and ongoing management of all elective and emergency admission to ICU under the supervision of on-duty consultant Intensivist
- Lead the cardiac arrest and medical emergency team
- Central line and PICC line insertion services
- Participation in departmental teaching program and quality activities

Selection criteria

- Full APHRA registration
- 3 years minimum post-graduate experience
- Relevant experience in critical care (emergency medicine, intensive care, or anaesthesia)
- Advanced life support skills (ALS course or equivalent desirable)
- Basic and advanced airway skills are highly desirable
- Ability to work well as part of a multidisciplinary care team
- Excellent communication and interpersonal skills
