

Join a new team and enjoy the best coastal lifestyle Queensland has to offer.

ROLE

Specialist Intensivist

Take charge, collaborate across Divisions and help propel this hospital to the level of a teaching centre.

THE BENEFITS

- + Work in a brand new state of the art facility
- + Enjoy a close working relationship with your colleagues in a unit with an excellent education record and exam preparation
- + Take the opportunity to apply for the position of director
- + Participate in research with the James Cook University (JCU) campus on-site and involvement in the Northern Clinical Training Network

This is an exciting opportunity to join a newly-created team consisting of a clinical director, three seniors, six registrars and three RMOs, plus medical students from JCU, in a brand new state of the art hospital.

You will have exposure to a varied case-mix in a regional/rural ICU including general medical and surgical intensive care, trauma, paediatric, obstetrics and interventional cardiology provided by a cardiology team.

THE LOCATION

The city has an abundant range of services and facilities. You will enjoy an enviable lifestyle without the pressures and hustle and bustle of a big city, in a community offering you the luxury of being able to get to know your neighbours. There are parks, walking trails and a range of activities to ensure that you are integrated into the community.

Education services include two universities, three state high schools and over 20 primary schools to choose from.

Housing is affordable with many options. You can rent a stylish two bedroom apartment from as little as \$250 per week, or purchase a breath taking water front home from \$450,000.

The spectacular natural attractions together with the friendly residents and relaxed atmosphere will leave you wondering why you didn't consider making this your home sooner.

ESSENTIAL CRITERIA

To be successful in applying for this position you must hold FCICM (or be close to completing your Fellowship) or equivalent.

Work in a supportive hospital, develop your skills as an intensivist and enjoy an enviable lifestyle in regional Queensland.
