

ICU REGISTRAR

Applications are invited from suitably qualified Medical Officers interested in pursuing further training as a Registrar in Intensive care, Anaesthesia, Emergency medicine or medical specialities. The Registrar position available will suit a trainee seeking 3-9 months ICU experience. The opportunity exists for this position to meet the needs of a senior registrar.

Western Health has intensive care units at Footscray and Sunshine Hospitals. The Intensive Care Unit at Footscray Hospital is a Level III tertiary referral centre that provides care for approximately 1000 critically ill adults each year. This ICU is currently funded for 8 ICU equivalent beds and provides care up to twelve intensive care and high dependency patients at any time.. The intensive care unit at Sunshine Hospital opened in 2015 and managed over 50 patients in its first month of operation. It is currently funded for 6 ICU equivalent beds and provides care for up to 10 intensive care and high dependency patients at any time.

A teaching program designed for trainees in Intensive Care, Anaesthesia and Emergency Medicine is provided, including the 'BASIC' course. The Department of Intensive Care has an active research program in which trainees are encouraged to participate. The intensive care unit at Footscray Hospital approved for core training by the College of Intensive Care Medicine. The ICU runs an accredited training program for Intensive Care Registrars and there are a range of training and employment opportunities for nursing staff

Western Health has 3 Emergency Departments, 4 Theatre Complexes, 3 Cardiac Catheter Laboratories and over 600 acute inpatient beds across the network Western Health provides care to one of the most culturally diverse and rapidly growing metropolitan regions of Australia. The Western Clinical School and the North West Academic Centre of the University of Melbourne are based at Sunshine Hospital.

The position is available immediately. Part time appointments will be considered.
